Mrs. Neher and the children will join him after school closes in Chicago.

Funeral services were held last Saturday afternoon for Eusebio Zeballos, Rockminster, who succumbed to his battle with cancer in Helper, on Monday of last week. Burial was at Price cemetery with Rev. Alfred F. Givens of the local Catholic church conducting the services. The dead man came to this country from Spain several years ago and had no known relatives in Utah. His estate will be small when the indebtedness against it is paid.

Judge Charles W. Morse of Salt Lake City, one of the best authorities on water and its uses in the state, addressed a local audience at Price last Friday evening in the organization of an irrigation district here that if perfected will include most users up and down the valley. He pointed out that if we are to secure government aid in Pleasant Valley or elsewhere a district must be formed. His talk was convincing to many that have been looking about from proposed plans.

Mr. and Mrs. George M. Miller of Price were at Mt. Pleasant yesterday to attend the funeral of G. E. Hattupshire, a brother-in-law of the former. Deceased was born about 55 years ago and passed away very suddenly at Paul, Ind., on Friday last of heart trouble. He was a long time resident of Randolph county and for a while before going to the Gem State lived at Provo. A wife and seven children survive him. Manager McDowell of the Savoy is pretty chummy today over the installation of a fine range at that house last evening. It is decidedly the best one ever coming to this section and a delight to the chef. It won't be long now until the cafe of the Savoy is moved to the office and the space in the rear of the former dining room is now occupied for cafe purposes is thrown into the lobby. An increasing business at the Savoy demands more room and enlargement all around.

William Allan Holt, aged 75 years, died at the home of his son, E. A. Holt, at Price last Tuesday afternoon. He was a pioneer of the state and lived at Torrey in Warren county most of his life up to about a year ago. He is survived by his widow and nine children. The body was prepared for burial at the J. By using machinery and participating in agricultural improvement a farmer has been able to produce fifty-six bushels of oats, on the average, by one day's labor of ten hours. In 1830, a time of hand labor, his average was six bushels or one-ninth as much, says the United States department of agriculture.

Diamond Squeegee Tread TIRES

EVERY Diamond Tire on a car—and there are 2,000,000 of them in use—means that somebody has walked into a dealer's store, and bought it—

Often to replace another brand of tires.

This fact is obvious since Diamond Tires do not come as original equipment on cars.

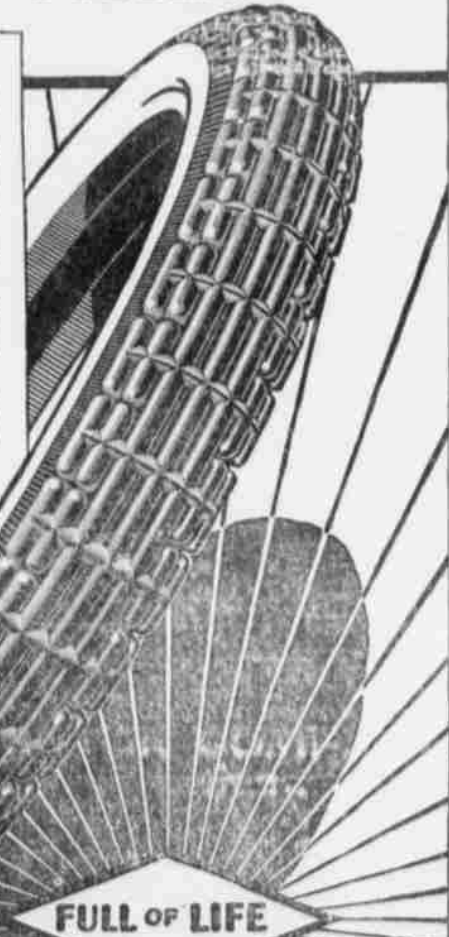

In short, actual service on cars has proved to users that the utmost tire value lies in Diamond Tires.
